

Santiago Spinelli

JUNIOR FRONT-END DEVELOPER

Objective

Aspiring Front-End Developer with practical experience building responsive web applications using HTML, CSS and JavaScript. Passionate about web development, problem-solving and continuous learning. Currently expanding my skills with Node.js, Express and SQL while seeking an entry-level opportunity to contribute, learn and grow as a developer.

Skills

- HTML5 / CSS3 / JavaScript (ES6+)
- Git / GitHub
- Local Storage
- Basic SQL / Basic Express
- Basic Node.js
- Native Spanish / English (B2)

Contact

- Buenos Aires, Argentina
- +54 9 11 2319-9111
- Spinelli.spi98@outlook.com

Experience

CPPA (Crown Prince Private Affairs) – 2023-2024 **Riyadh & Jeddah, Saudi Arabia**

Waiter / Warehouse Assistant

- Provided food and beverage support services for high-profile events and official operations.
- Assisted with inventory organization, stock control and logistics tasks.
- Worked in a fast-paced environment requiring attention to detail and reliability.
- Collaborated with multicultural teams while maintaining high service standards.

Education

Self-Taught Front-End Development 2025 – Present

My education in web development has been primarily self-directed, driven by curiosity, persistence and a strong desire to build practical skills. I have spent hundreds of hours learning HTML, CSS and JavaScript through documentation, tutorials and project-based practice.

By developing real-world projects such as a responsive portfolio and an e-commerce bookstore, I have gained experience in front-end development, version control with Git and GitHub, and responsive web design. I am currently studying Node.js, Express, and SQL as I continue my journey toward becoming a full-stack developer.
